Dear parents,

Happy November families! We hope everyone had a wonderful Halloween weekend. We are now welcoming the month of November with some hopefully "cooler" weather. This month our theme is families, so all of the classes will be doing cute activities to fit this theme. You will also be seeing Thanksgiving crafts as well as some Veterans Day crafts. On Veterans Day, VPK will be closed as well as the week of Thanksgiving. Wellington as a whole will be closed on the 26th and 27th for the holiday. This month we will also be hosting a canned food drive the week of the 9th to go to Harry Chapin food bank, all donations are appreciated. We will be having a pumpkin decorating contest for each of the classes. Each class will get one large pumpkin, and whichever class can decorate the most unique pumpkin will win a pizza party after the holiday break. We will also be hosting a Thanksgiving luncheon for families on November 18th at your child's lunch time. Donations for this lunch would be appreciated. We would like to introduce our newest member of the Wellington family, Ms. Tammika! She will be getting to know our friends in 2A and 3A, and eventually she will take over our 3A class. We are very excited to have her on board.

Remember to please keep an eye on Procare for messages, if there are any upcoming announcements or any reminders for supplies, they will be on the app first.

We hope everyone has a fabulous November!

1A

Happy November! We had a very fun October in the one year old class and we are so excited to keep the fun going in November. We are celebrating our lovely Claire's birthday, which also means we will be saying a sad goodbye to her as she moves into the two year old room, but we know she will do amazing! This month, we are also going to be celebrating Veterans day and Thanksgiving so we have a few fun crafts for those holidays. Our focus this month will be on family. We will learn about our own families as well as animal families and families in different cultures. As we learn about families we will learn through verbal communication. We would like to show off our families and talk about each person in our families. Please send in printed photos or send photos through Procare so we can have discussions at circle time.

❤️ Ms.Melissa

2A

October was a major success with our Fall Festival and our Halloween party. This month we are excited about our Thanksgiving lunch and learning all about families. We will also be celebrating Veterans day as well as our lovely Lillian's third birthday! We are going to be learning all about families this month . We will be learning about families from different cultures, animal families, and also our own families. For our theme this month we have a few special activities planned. For our first, we want to focus on the cultural similarities and differences with in our own class with food. Bring in a packaged snack that your culture or families enjoy to share with the class to explore all different styles of everyday snacks in different parts of the world. For our second activity, please bring in family photos so we can hang them on the wall and have conversations about our families.

❤️ Ms.Kelly

Developmental 3A

Happy October! I am so excited to get started in the three year old class with all of these wonderful friends. I hope I have gotten a chance to introduce myself to all of you so far, but if I have not, I am Ms.Tammika, I will be the new teacher in the 3A classroom. I am so excited to get started on all of the fun things coming this month. We will be talking all about our families as well as different types of families and family celebrations. We will learn about this through talking about our own families at home, families from around the world, and also animal families. We will be learning about how each of our friends celebrate Thanksgiving with their own families through conversation and art activities. Please send in family photos so we can hang them up and be able to connect with our families throughout the day. We have so much fun science and sensory activities to look forward to as well this month that I can't wait to start on.

❤️ Ms. Tammika

VPK A

Happy November families! We are starting off our November with a few reminders, VPK will be closed the 11th for Veterans day as well as the week of the 23rd- 27th for our Fall break. This month we will be focusing on the theme, which is families. This theme will be mainly concentrated in social activities through literacy and stories as well as letting the class talk in depth about the members of their families, their relationships they value, and discussing how each family spends their time together, as well as learning how we each celebrate Thanksgiving with our families. Cultural diversity will also be discussed through learning about each other's celebrations and practices as well as literacy activities like writing our own stories and reading books together. In science areas, we will be learning about animal families and their relationships and how they are similar as well as different to ours.

❤️ Ms. Lisa

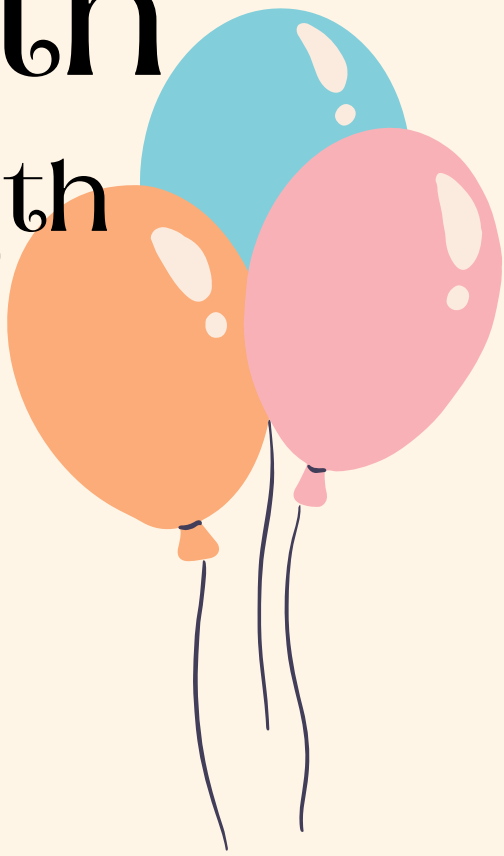

Happy Birthday

Ms. Mayra - 11th

Claire- 15th

Lillian- 30th
